MatriX

There is so much to tell...

4326 Series
MatriX
Front-facing Built-in Gas Fireplace

Available in Natural Gas or Propane

Faber helps you create the atmosphere and look you desire for your unique space. Our built-in MatriX models let you design your fireplace - to viewing angles and finishes.

FMG4326F / FMG4326F-LP

MatriX

Front-facing Built-in Gas Fireplace

Venting Compatibility
Dura Vent adapter (included)
ICC adapter TM-5AA8 (sold separately)

Faber Five Burner
The MatriX patented five burner gas fireplace provides the ultimate fire experience, as the flames organically wrap around the logs, while they flicker and dance. Adjust the flame intensity by turning the back burners on for added depth.

Logs
Realistic charred log set to maximize the illusion of depth and the appearance of burning firewood. Combine with loose embers for a custom display.

Light Module
Casts a firelight glow within the media for a truly lifelike effect.

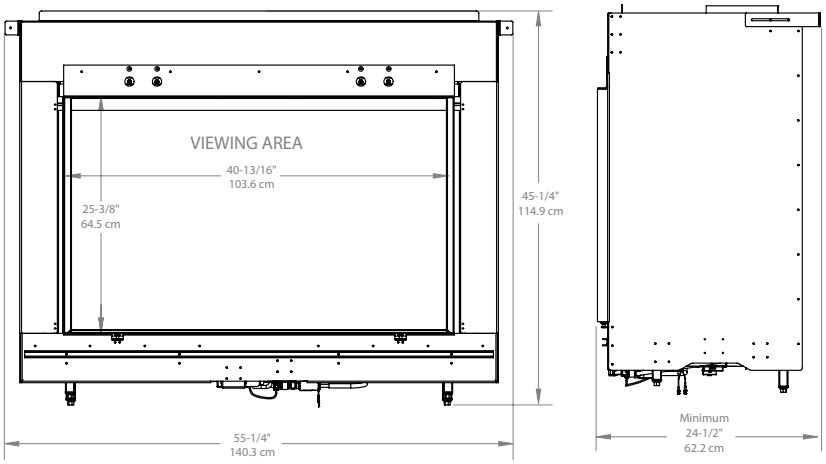

Rear Wall Steel
Provides a clean, solid dark interior finish to work seamlessly with any décor.

Invisimesh
A protective layer of Invisimesh surrounds the glass barrier of the fireplace and provides a warm surface safe for children and pets.

Remote Control
Sit back and relax, while controlling all fireplace features from the comfort of your chair.

29,500 - 45,000 BTU
